ABOUT US

Pure Heart was started in 2012 after Dean moved his family to Nicaragua to help the impoverished children of Nicaragua. For awhile they fed children and started a small preschool on Dean's own salary. In 2013, they teamed together with River of Life and were able to begin accepting donations. In 2016, they decided it was time to start their own 501c3 in the states and haven't stopped helping the children of Nicaragua.
